

*Security at the touch of a button*

## LOCK WITH AN ERA ACCESS CONTROL LOCK

Era's access control multi-point lock offers high security with ease of access for PVCu and composite doors. Compliant with PAS 23/24, the lock operates electrically without the need for a key or an external handle. When triggered, the door unlocks and once the door is closed again, deadbolts are automatically activated to lock the door once more. No lifting of handles and using keys to lock the door.

PVCu DOORS

## OPEN WITH A LOCCA SURETOUCH REMOTE

Locca's Sure-Touch system allows you to unlock your door at the touch of a button.

- The remote was designed by OT's and specialists
- Yellow button on black for the visually impaired
- Add and delete remotes simply
- Comes with wrist and neck strap and 2 remotes
- Radio signal so doesn't have to be 'pointed'.

The Locca Sure-Touch

## THE PERFECT SOLUTION

ERA's electric multi-point lock works hand-in-hand with LOCCA SURE-TOUCH remote system. Together they provide a high level of security without the need for keys—making it ideal for the elderly and disabled.
